

Ross Restoration Video Script

A pipe bursts. A flash flood strikes your house. Your 1,000 gallon aquarium breaks. Yikes, water everywhere! No need to panic. Okay, maybe for just a moment. But then, you can call Ross Cleaning and Restoration and we'll bring their expertise to your property — A.S.A.P!

When disaster strikes, it's important to act quickly. Flooding and other water damage can not only ruin your belongings, but also harm your property's structural integrity. Thankfully, Ross Cleaning and Restoration can come to your rescue.

First of all, we handle all the insurance stuff for you. We know that a water disaster can be scary, but we don't want you to worry — we'll take care of it. Next, we pump out the water. Then, we'll begin drying out the areas affected by the water. This is where we break out our top-notch equipment! We've got the highest-quality air movers and dehumidifiers to get your property back to normal.

Throughout the process, we test and monitor moisture levels to ensure that we ward off mold or any lasting damage. And if any structures **were** damaged by the water, we'll handle that for you too! We'll get the best of the biz on the line.

With Ross Cleaning and Restoration, a disaster doesn't have to be permanent. We'll get things back to the way they were — in fact, we'll leave it better than it was before! We're here for you — every step of the way.
